***Twenty-one Condominium Management Companies Now
ACMO 2000 Certified***

June 30, 2008. Mississauga. The Association of Condominium Managers of Ontario (ACMO) is pleased to announce that Shiu Pong/Progressive Plus (Mississauga) and Times Property Management Inc. (Richmond Hill) have achieved ACMO 2000 Certification.

The ACMO 2000 certification program requires a company to successfully complete an audit of all core areas of operation. The audit is conducted by the Business Development Bank of Canada and subject to final review and acceptance by the Condominium Management Standards Council (CMSC).

“Having served as chair of the ACMO Certification and Standards Committee, I am particularly delighted to be able to report that the number of ACMO 2000 certified companies continues to grow as management companies recognize the value ACMO 2000 certification brings to them within the condominium community,” stated Association president John Damaren, RCM. “Recognition of the ACMO 2000 program by our condominium corporation clients is also increasing.”

ACMO 2000 is a complementary program to the Association’s widely recognized Registered Condominium Manager (RCM) designation.

It is ACMO’s goal to continually raise the bar for professional and management standards and to have the RCM designation and ACMO 2000 certification become an expectation of condominium corporations and their residents.

Congratulations to the management and professional teams at Shiu Pong/Progressive Plus and Times Property Management Inc. on their successful completion of the ACMO 2000 process.

They now join the following ACMO 2000 certified companies:
